HIGHLINE INTERNET UPDATE

Highline crews have arrived in Watersmeet and have begun work to bring gigabyte speed fiberoptic internet to homes on the Michigan side of the Cisco Chain! If you haven't already, sign up at www.highlinefast.com.

Highline representatives have indicated that they intend to have work completed in Watersmeet Township by the end of fall. During construction, please be mindful that crews will be working on the shoulder of our roads. Slow down and give them space. Additionally, this is construction-it will generate a mess but Highline has committed to remediate any damage caused by their work so please be patient.

Your Watersmeet Township Internet Task Force has worked hard to bring Highline here and is excited for the improvements that this will bring to our community! The Task Force would like to thank Congressman Jack Bergman for his help in making this important project a reality. Future updates can be found on the Watersmeet Township website www.watersmeet.us. If you haven't, you can sign up for important Township updates there.
