

The Uprooter Tool

The Uprooter Tool is a professional grade device for removing any woody, stemmed invader such as Japanese barberry. Both the original Uprooter and the Mini Uprooter are available for loan to CCROA members by contacting Greg Wenzel at 414-581-5444 (or sending email to gswenzel@yahoo.com). The website www.theuprooter.com has lots of information, including videos, of this amazing tool.
